

Multiplikation natürlicher Zahlen

1) Multipliziere mit 10, 100 und 1000

$6 \cdot 10 =$	$2 \cdot 100 =$	$7 \cdot 1000 =$
$13 \cdot 10 =$	$15 \cdot 100 =$	$11 \cdot 1000 =$
$34 \cdot 10 =$	$27 \cdot 100 =$	$92 \cdot 1000 =$
$221 \cdot 10 =$	$59 \cdot 100 =$	$250 \cdot 1000 =$
$550 \cdot 10 =$	$103 \cdot 100 =$	$745 \cdot 1000 =$
$1806 \cdot 10 =$	$3771 \cdot 100 =$	$2930 \cdot 1000 =$

Was fällt dir auf? _____

2) Ergänze die fehlenden Zahlen in den Multiplikationspyramiden:

3) Wende das schriftliche Rechenverfahren der Multiplikation an:

$$\begin{array}{r} 54 \cdot 73 \\ \hline \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 25 \cdot 39 \\ \hline \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 118 \cdot 67 \\ \hline \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 226 \cdot 405 \\ \hline \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 241 \cdot 607 \\ \hline \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 340 \cdot 23 \\ \hline \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 617 \cdot 95 \\ \hline \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 75 \cdot 198 \\ \hline \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 319 \cdot 828 \\ \hline \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 109 \cdot 51 \\ \hline \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 110 \cdot 546 \\ \hline \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 241 \cdot 607 \\ \hline \\ \hline \\ \hline \end{array}$$
